Tala,

This seems very logical that I could play a role in this. If Rick doesn't respond tonight, I will catch up with him in the morning.

Will let you know.

Jeff

Subject: FW: PFAS testing/ORD

Rick – the reason I tried to call the other day (and never got back to), was to say that I reached out and discussed this with Jeff D (on that same day), as well as pleading for his help in coordinating the PFAS container issue across OCSPP.

We don't have a lot of benchstrength/expertise in PFAS in OPPT generally, and I feel really strongly that we need to build any test strategy based on ORD's efforts to define categories. I also had an initial conversation regarding collaboration with ORD on a Test Strategy with Jeff Frithsen.

So, are you and Jeff OK with Jeff helping (leading) on working with ORD on any PFAS testing strategy?
And while I am at it, coordinating across OCSPP on the container issue?

We just raised w Chris and Jennifer – they seemed interested and amenable – maybe reach out and see what you can get started?

Thanks
Michal
